

Rabbit Meadows Photo Tiles Order Form

All monies are tax deductible.

Order Now! As orders come in, they will be placed at the front of the shelter. When that area fills up they'll be placed along the side walls.

Help us to build our shelter and also memorialize your furry companions at the same time on our shelter walls. All types of animal photos are welcome. (Rabbits, Rodents, Guinea Pigs, Dogs, Cats, etc.)

We will number the order forms as they come in with payment. (You can submit photos at a later time.) Tiles will be placed by order number, starting with our front wall working towards the back walls. Order now, to get a prime location.

If you will be purchasing multiple tiles, do you want your tiles grouped on the wall? Yes/No

Digital photos are printed on decal transfer paper and then put onto a tile. For the best looking photo, please provide a high quality jpg file. If your camera has a "Best" setting, you can use that. If you understand "pixels" then you probably already know how to produce a great photo. If you do not have access to a digital camera, you can make an appointment to bring your furry critter to one of our locations and we can take the photo for you for an additional \$5 donation.
